

# Teaming up with Tampa Bay

The University of South Florida welcomes world-class researcher Moez Limayem as dean of the College of Business. His **international experience** and scholarship not only furthers the globalization of our university and the region, but also advances our commitment to providing **undergraduate, graduate** and **professional** programs that support interdisciplinary inquiry and promote cultural and global literacy.

Like Dean Limayem, USF's business school does more than simply disseminate knowledge. It **shapes business thinkers** and equips students with the skills and knowledge to take leadership positions in business and society **all over the world**. And we look forward to continuing that journey in partnership with business leaders like you.
